Choral Risers

ADA ACCESSIBLE WHEELCHAIR RAMPS

Provide wheelchair access to your events. Complies with ADA guidelines. Easy set up offering flexibility in configurations using stage back entry or side entry. Available for all stage heights. Complete with guardrails.

SURFACE OPTIONS:

Black Top and Carpet Top.

PORTABLE BACK DROPS

Give your stage a professional look with easy to set up adjustable backdrops. 8' fixed height or 7'-12' adjustable uprights with telescoping 7'-12' drape supports.

Pleated drapery comes in 8' x 8' or 4' x 8' sections or custom lengths.

STAGE SKIRTING

Add the final touch for a finished stage. Skirting simply velcros to the stage edge for a fast and easy finish.

Staging Canadell skirting and drapery is all sewn from 100% Inherently Flame Resistant Polyester

STAGE DRAPERY

A front drapery system dresses up your portable stage and allows behind-the-scenes activity. This system will fit 24', 32' or 40' stage front. Drapery System consists of front /side valance, 4' front /side stationary curtains and middle pull curtains.

STANDARD STORAGE CARTS

Designed for mobility, built for durability. A must for storing portable stages! Puts the portable in Portable stage.

Storage carts will help move your portable stage or riser in for set up and out again after a performance saving time and labour. Staging Canadell storage carts store your stage decks on their edges, allowing for compact storage.

DRUM RISER

Maneuver your drum kit or musicians around the stage using the rolling Drum Riser. With a steel frame and 900 lb casters, each cart fits a 4' x 8' Executive platform. Create an 8' x 8' drum riser by securing two platforms together.

EXTENDED LEG CART

For storage of your Extended Height legs and cross bracing, choose the Extended Leg Cart. Each cart will hold legs and cross bracing for 9 Executive platforms.

EXECUTIVE STORAGE CARTS:

Designed to hold platforms and legs. Total height when stages are loaded: 57.5"

- 6-unit cart
(25.5" wide x 105" long)
- 8-unit cart

RAIL CART

Store your rails and chair stops simply and compactly on a Rail Cart.

Each cart holds 18 - 8' rails.

Please contact us for additional and custom cart designs.

CLOSURE PANELS

Create a finished look for your Seated Risers with front and side closure panels. Easy to install with a durable phenolic finish, they also double as a chair stop.

" I first looked on-line at Staging Canadell three years ago while dreaming about our future. I have to say that you were very responsive and preformed your sales role excellently. We looked at several other companies... You are very good at what you do!"
