

# Executive Staging

Lightweight, affordable, easy to set up...  
all in one complete package

*"Again, thank you so much for your willingness to go the extra mile and, quite literally, provide crucial support for the production. Everything arrived in beautiful condition, on time, ready to go, and fit our specs exactly. It was such a pleasure to work with your entire team. It was the one element of the production I knew I didn't need to worry about, plan around, or try and tweak at the last minute - it worked fabulously."*

ADAM BURWASH, CENTRE STREET CHURCH, Calgary, AB

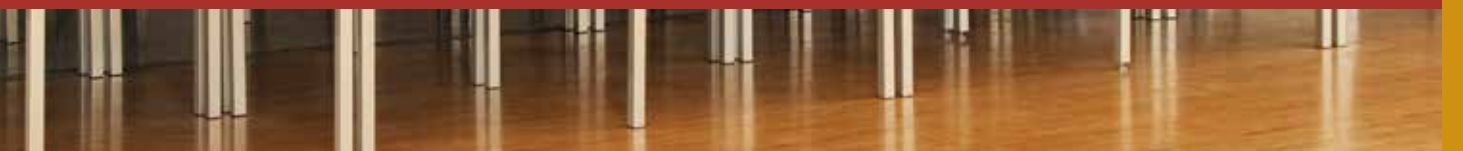

# A flexible, modular system designed to meet a variety of needs.

## AN EXECUTIVE PORTABLE STAGE FOUNDATION

If you are looking for the ultimate in staging equipment, the Executive Stage can fulfill virtually all your staging needs. With the highest load rating in the industry, our focus on durability ensures our products will stand up to constant use for years to come.

Today's performance facilities all face a common challenge. There are more demands placed on them and they have tighter budgets to meet these demands. The Executive Stage was specifically designed to solve this problem. It is easy to reconfigure, strong - yet lightweight and has interchangeable legs that make it easy to create a flat stage or tiered system. Staging Canadell equipment is made to exceed industry standards for safety and stability while still being lightweight and economically priced.

*Executive Staging*

Legs attach quickly and securely with no tools required

Extended leg heights available up to 72"

Standard, fine adjustment, and telescoping leg options

Adjustable leg option for fine adjustment on uneven surfaces

An Executive Storage Cart allows you to store your stages and legs compactly and easily

STORAGE CARTS

Designed for mobility, built for durability. A must for storing portable stages! Puts the portable in Portable stage.

Storage carts will help move your portable stage or riser in for set up and out again after a performance saving time and labour. Staging Canadell storage carts store your stage decks on their edges, allowing for compact storage.

A variety of accessories are available to meet your requirements (see pages 21-25).
