- Available in Grey Carpet Top or Black Top surfacing and grey or black aluminum edging
- Optional: storage carts, stairs, guardrails, skirting and front drapery systems are available
- **Ten Year Warranty**
- Weight: 110 lbs

# Why Legacy Portable Staging?

1. YOU NEED A STAGE THAT IS QUICK TO SET UP AND TAKE DOWN
2. YOU REQUIRE A PLATFORM WITH A FIXED HEIGHT
3. YOU WANT A FOLDING LEG STAGE THAT IS STRONG, LIGHTWEIGHT AND ATTRACTIVE

If any of the above statements apply to your situation, the Legacy Portable Stage is for you. The single height Legacy Stage can be set up quickly and taken down just as fast. The folding legs span the full width of the platform to offer rock-solid strength and stability. The edging is 3" deep anodized extruded aluminum enclosing the deck giving the platform its strength, lightness and a very attractive look. Legacy Staging has improved the performance capabilities of many schools, churches, hotels and shopping malls.

*"We use the Legacy (Duchess) Staging for our graduation ceremonies on campus. I'm pleased with the ease of setting up the entire system."*

JAY PENNICKE, Ventura College, Ventura CA

Leg to Leg Clamp system to lock all stages solidly together
