"...we would like to express our great appreciation to you and the staff at Staging Canadell for working so hard to see that we acquired our staging in time for our concert on such a short timeline. We have received nothing but the finest in service from you and you have demonstrated a work ethic and commitment to service which is unparalleled in our experience."

DAVID YOUNG, ORCHARD PARK SECONDARY SCHOOL,
Stoney Creek, ON

*Isn't it time
you stepped up?*

Thanks

Thank you for considering Staging Canadell! Our products are designed to solve a variety of portable staging needs and we are pleased to help you. From our humble beginnings in 1978 to an internationally recognized manufacturer, Staging Canadell has maintained its devotion to quality and integrity. We are proud to provide schools, churches, hotels, performance groups and facilities with leading-edge portable staging, riser products and services.

Our staging, choral risers and seated risers help you to create powerful performances that are easy to prepare for. Our quality focus and experience allow us to provide a high quality product at an attractive price for you our customer.

At Staging Canadell we work hard to ensure your purchase suits your needs. We will work closely with you to select one of our standard products or customize a product to meet your needs. Our customer service is second to none and we will always be here to assist you.

We look forward to working with you further and finding the Staging Canadell product that is right for you!

Executive Staging

Lightweight, affordable, easy to set up...
all in one complete package

"Again, thank you so much for your willingness to go the extra mile and, quite literally, provide crucial support for the production. Everything arrived in beautiful condition, on time, ready to go, and fit our specs exactly. It was such a pleasure to work with your entire team. It was the one element of the production I knew I didn't need to worry about, plan around, or try and tweak at the last minute - it worked fabulously."

ADAM BURWASH, CENTRE STREET CHURCH, Calgary, AB

A flexible, modular system designed to meet a variety of needs.

AN EXECUTIVE PORTABLE STAGE FOUNDATION

If you are looking for the ultimate in staging equipment, the Executive Stage can fulfill virtually all your staging needs. With the highest load rating in the industry, our focus on durability ensures our products will stand up to constant use for years to come.

Today's performance facilities all face a common challenge. There are more demands placed on them and they have tighter budgets to meet these demands. The Executive Stage was specifically designed to solve this problem. It is easy to reconfigure, strong - yet lightweight and has interchangeable legs that make it easy to create a flat stage or tiered system. Staging Canadell equipment is made to exceed industry standards for safety and stability while still being lightweight and economically priced.

Executive Staging

Legs attach quickly and securely with no tools required

Extended leg heights available up to 72"

STORAGE CARTS

Designed for mobility, built for durability. A must for storing portable stages! Puts the portable in Portable stage.

Storage carts will help move your portable stage or riser in for set up and out again after a performance saving time and labour. Staging Canadell storage carts store your stage decks on their edges, allowing for compact storage.

**A variety of
accessories are
available to meet
your requirements
(see pages 21-25).**

Readystage

A portable stage that's ready when you are

READYSTAGES AVAILABLE:

4' x 8' Performance area (4' x 4' when folded / 8 legs per stage)

6' x 8' Performance area (6' x 4' when folded / 10 legs per stage)

All Readystages include 8" legs

STAGE WEIGHTS:

4' x 8' Readystage - 180 lbs

6' x 8' Readystage - 200 lbs

"Readystages are the best product I have brought into my department! With the ease of set up, mobility and the sophisticated look, they were a natural fit for our quality of hotel. I look forward to ordering more of this product to reduce my labour and improve my profits."

JAMES HAYWOOD, BANQUET MANAGER,
Delta Bessborough, Saskatoon, SK

- Executive Stage platform with **250 lb/sqft live load rating**
- 4 casters making it easy for one person to roll out, set up, fold and roll away for storage; fits in most elevators for easy transport
- **Interchangeable legs** - add extra leg heights with optional leg package sets that include 16" and 24" legs that are stored on the underside of the stage
- Legs attach quickly and securely with **no tools required**
- Solid construction with $\frac{3}{4}$ " plywood deck and $3\frac{5}{8}$ " deep anodized aluminum frame that wraps the deck top and bottom
- Executive Quick Release Pin provides a positive secure lock between platforms
- Available in either standard Grey Carpet Top (other colors also available) or Black Top surfacing
- **Ten Year Warranty**

Delivers convenience, flexibility and performance.

WHAT MAKES A READYSTAGE THE RIGHT CHOICE FOR YOU?

Readystages are the product for those who want an all-in-one stage and storage system. This well engineered construction allows one person to transport, set up and take down in a matter of minutes. The leg storage system is built in. The built-in roll away cart feature is a must for those who set up and take down on a regular basis. If you want a self-contained stage, storage system and transport cart all-in-one, this is the product for you.

The Readystage is manufactured from quality proven components to provide you with a convenient, user-friendly stage. Versatility is another reason why so many people choose the Readystage. Staging Canadell Readystage offers three height options with storage racks for each. For a versatile, functional and convenient staging system, choose the Readystage.

Readystage

READYSTAGE SET UP:

- 1 Roll Readystage to desired location
- 2 Release the foot peddle
- 3 This will allow you to lay down the folded stage
- 4 Unlock the secure cord on the folded stage and unfold stage

Easy fold and roll design

Excellent choice for customers requiring one person set up and the versatility of single or multi platform layouts

Legs attach quickly and securely with no tools required

Executive Quick Release Pin is used to secure platforms to one another

Legacy Staging

A lightweight, attractive stage that sets up with ease

STAGE SIZES AVAILABLE:

4' x 8'

STAGE HEIGHTS AVAILABLE:

8", 16", 24"

- **200 lb/sqft. live load rating** ensuring stability, safety and strength
- Each 4' x 8' platform has 3 H-framed, **fixed height leg** assemblies providing six stable contact points
- Easy to handle sections using **lightweight, attractive, 3" deep** anodized aluminum edging, solid 16-gauge steel legs and 3/4" plywood deck construction

- Stages unfold quickly to make set up fast and easy
- Available in Grey Carpet Top or Black Top surfacing and grey or black aluminum edging
- Optional: storage carts, stairs, guardrails, skirting and front drapery systems are available
- **Ten Year Warranty**
- Weight: 110 lbs

Why Legacy Portable Staging?

1. YOU NEED A STAGE THAT IS QUICK TO SET UP AND TAKE DOWN
2. YOU REQUIRE A PLATFORM WITH A FIXED HEIGHT
3. YOU WANT A FOLDING LEG STAGE THAT IS STRONG, LIGHTWEIGHT AND ATTRACTIVE

If any of the above statements apply to your situation, the Legacy Portable Stage is for you. The single height Legacy Stage can be set up quickly and taken down just as fast. The folding legs span the full width of the platform to offer rock-solid strength and stability. The edging is 3" deep anodized extruded aluminum enclosing the deck giving the platform its strength, lightness and a very attractive look. Legacy Staging has improved the performance capabilities of many schools, churches, hotels and shopping malls.

Legacy Staging

"We use the Legacy (Duchess) Staging for our graduation ceremonies on campus. I'm pleased with the ease of setting up the entire system."

JAY PENNICKE, Ventura College, Ventura CA

6' Straight

6' Tapered

4' Straight

4' Tapered

Fourth step addition available for all models.

Straight and Tapered Risers can be used in combination.

RISER SPECIFICATIONS:

21" Step Depth (versus 18" depth on competitor risers)

8", 16" and 24" elevations

32" elevation available with fourth step addition

- **200 lb/sqft load rating**
- Folds out in seconds and is designed for **one person to easily set up, fold and roll away** for storage
- **21" step depth** providing added comfort and safety
- Solid, lightweight construction with $\frac{3}{4}$ " plywood deck and 3" deep anodized aluminum frame that wraps the deck top and bottom to protect surfacing
- Legs are steel powder coated black and have **roll away casters** that engage after folding and lifting at one end
- Straight and Tapered Risers can be used together to create **a variety of configurations**
- Fourth Step Addition available that easily clamps to third step for easy set up
- Optional back rail available
- Available in either standard Grey Carpet Top (other colors also available) or Black Top surfacing
- **Ten Year Warranty**

"Yesterday was the full inauguration of our new risers, and they were a big hit! The choristers love the extra space, and the choir dads were pleased with how easily the units set up and can be taken down. We are so glad that we had them in time for our Christmas performances!"

NANCY KEYES, OTTAWA CHILDRENS' CHOIR
Ottawa, ON

Choral Risers are designed to give your singers the ultimate in comfort.

In a world of narrow, cramped choral risers, Staging Canadell Choral Risers have widened the playing field. Our Choral Risers treads are a full 21" deep – that's 3 full inches deeper than the treads on most of the risers on the market today. Singers will have room to hold their sheet music properly and even have space to perform a little choreography.

Choral Risers

Choral Risers

The charts below are to be used as a general guideline to determine capacity and area requirements.

CRT6 - 6' Tapered Choral Riser			CRT4 - 4' Tapered Choral Riser

Standing Capacity includes one row of performers standing on the floor. The first number represents the number of high school aged performers standing shoulder to shoulder. The second number represents the same performers facing center with shoulders overlapping. Adult groups should adjust accordingly.					

No other collapsible, folding choral riser is this easy to set up! One person is all it takes. Students can, and often do, help set up Staging Canadell Risers. Try that with a spring loaded riser!

Set up and take down is as easy as 1 2 3!

Staging Canadell Choral Risers are available in a variety of configurations. Our convenient Fourth Step Addition allows you to accommodate more performers in a smaller space. Add security to your performance with optional back railing.

CHORAL RISER SET UP:

- 1 Roll riser to desired location
- 2 Unfold legs of top tier, lock into place and unfold top tier
- 3 Unfold legs of bottom tier, lock into place and unfold bottom tier

3 Step

- Platforms and legs are stored compactly on an Executive Storage Cart
- Available in either standard Grey Carpet Top (other colors also available) or Black Top surfacing
- **Black Top:** High density textured skid/scuff resistant phenolic overlay on top of stage and smooth surfaced phenolic overlay back providing a durable **weather resistant surface**
- Optional guardrails, chair stops, closure panels and carts are available
- **Ten Year Warranty**

*Regarding an 8 tiered extended height layout:
"It worked beautifully and looked so smart. The chairs and risers came down and were put away in only 1.5 hours. Brilliant!"*

GREGG PERRY, SHAWNIGAN LAKE SCHOOL
Shawnigan Lake, BC

A solid foundation for a flexible design

Executive Seated Risers use an Executive Stage foundation creating a flexible modular system designed to meet a variety of needs. Easy to reconfigure — lightweight to transport! The Executive foundation is strong and durable, providing an attractive seating arrangement with excellent lines of sight and clear, unobstructed sound paths. Test its versatility by using the Seated Risers as Band or Choral Risers or as audience seating. Add pie sections to create winged, horseshoe or arc configurations. One platform to meet a variety of needs.

Seated Risers

Extended leg heights available up to 72"

Safety Railing, Chair stops, and other accessories available

Leg to Leg Clamp secures platforms at differing heights to one another

Executive Quick Release Pin is used to secure platforms at the same height to one another

Seated Choral Risers

Customize your riser layouts using Standard Sets of Straight and Pie Shaped Risers

Use three tiered standard sets or building blocks in straight and pie shaped sections to configure a layout that best suits your needs.

EACH SET INCLUDES:

3 platforms in sizes of either 3' x 6' or 3' x 8'

Standard platform elevations at 8", 16" and 24"

Pie shaped sections are also available

Black Top or Carpet Top surfacing

All required attachment mechanisms

- Staging Canadell Seated Choral Risers Sets are 36" deep with 8", 16", and 24" elevations (additional elevations also available)
- Each 6' section of Seated Choral Riser accommodates 9 performers; each 8' section accommodates 12 performers (not including a row on the floor)
- Each Seated Choral pie section accommodates 6 performers (not including a row on the floor)
- Purchase extra leg sets and use as a stage at one level
- Custom platform sizes and leg heights available
- Use our standard layout on page 19 or **customize your own set** – simply contact us for information

"The stage contributed greatly to the sense that the students were finally working in an environment which supported their artistic sense and efforts. Many comments were made about how attractive the platform was and how it contributed to the professional look of our performance. We thank you for being the kind of people that care about their customers..."

DAVID YOUNG, ORCHARD PARK
SECONDARY SCHOOL, Stoney Creek, ON

Seated Band Risers

Customize your riser layouts using Standard Sets of Straight and Pie Shaped Risers

Use three tiered standard sets or building blocks in straight and pie shaped sections to configure a layout for practice or performance needs

Accessories

“Accessories make the outfit” – build an attractive and functional performance stage or riser

STANDARD STAIRWAYS

Built tough and durable with “tip and roll” mobility – complete with dual handrails.

Stairway is 36” wide and each step is 11” deep; available with non-slip tread coverings of either Black Top or Carpet Top. All stairways attach to stage edge for added safety.

AVAILABLE IN:

2-step for 16” or 24” stage height
3-step for 24” or 32” stage height
4-step for 32” or 40” stage height
5-step for 40” or 48” stage height

STAIRWAY WITHOUT RAIL

Provides unobstructed access to your stage.

AVAILABLE IN:

2-step for 16” or 24” stage height

EQUIPMENT RAMP

Providing easy access for getting equipment on and off stage.

CHAIR STOPS

Prevent chair legs from sliding off platform edge. Fast & easy set up; simply clamp on to stage edge. No tools required.

Staging without accessories will be functional, but adding any of the items below will create a truly user-friendly and exciting system!

1-STEP STAIR

Provide simple access for 16" stage heights.

Stages and Seated Risers

SAFETY RAILING

Add security to any stage or riser performance. All safety railings have built in chair stops. Guardrails attach without tools.

AVAILABLE IN:

3', 4', 5', 6', 8'

Choral Risers

ADA ACCESSIBLE WHEELCHAIR RAMPS

Provide wheelchair access to your events. Complies with ADA guidelines. Easy set up offering flexibility in configurations using stage back entry or side entry. Available for all stage heights. Complete with guardrails.

SURFACE OPTIONS:

Black Top and Carpet Top.

PORTABLE BACK DROPS

Give your stage a professional look with easy to set up adjustable backdrops. 8' fixed height or 7'-12' adjustable uprights with telescoping 7'-12' drape supports.

Pleated drapery comes in 8' x 8' or 4' x 8' sections or custom lengths.

STAGE SKIRTING

Add the final touch for a finished stage. Skirting simply velcros to the stage edge for a fast and easy finish.

Staging Canadell skirting and drapery is all sewn from 100% Inherently Flame Resistant Polyester

STAGE DRAPERY

A front drapery system dresses up your portable stage and allows behind-the-scenes activity. This system will fit 24', 32' or 40' stage front. Drapery System consists of front /side valance, 4' front/side stationary curtains and middle pull curtains.

STANDARD STORAGE CARTS

Designed for mobility, built for durability. A must for storing portable stages! Puts the portable in Portable stage.

Storage carts will help move your portable stage or riser in for set up and out again after a performance saving time and labour. Staging Canadell storage carts store your stage decks on their edges, allowing for compact storage.

DRUM RISER

Maneuver your drum kit or musicians around the stage using the rolling Drum Riser. With a steel frame and 900 lb casters, each cart fits a 4' x 8' Executive platform. Create an 8' x 8' drum riser by securing two platforms together.

EXTENDED LEG CART

For storage of your Extended Height legs and cross bracing, choose the Extended Leg Cart. Each cart will hold legs and cross bracing for 9 Executive platforms.

EXECUTIVE STORAGE CARTS:

Designed to hold platforms and legs. Total height when stages are loaded: 57.5"

6-unit cart
(25.5" wide x 105" long)

8-unit cart
(33.5" wide x 105" long)

9-unit cart
(37.5" wide x 105" long)

LEGACY STORAGE CARTS:

6-unit cart
(24" wide x 100" long)

9-unit cart
(32" wide x 100" long)

10-unit cart
(36" wide x 100" long)

RAIL CART

Store your rails and chair stops simply and compactly on a Rail Cart.

Each cart holds 18 - 8' rails.

Please contact us for additional and custom cart designs.

CLOSURE PANELS

Create a finished look for your Seated Risers with front and side closure panels. Easy to install with a durable phenolic finish, they also double as a chair stop.

"I first looked on-line at Staging Canadell three years ago while dreaming about our future. I have to say that you were very responsive and preformed your sales role excellently. We looked at several other companies... You are very good at what you do!"
